Design/Set up

There is a one off cost of \$50.00 for set up

Price is based on any logos, graphics, images and text being supplied by customer. Logo design or graphic sourcing will be an extra cost.

There will be no setup cost if the complete design is provided by the client (high quality PDF or EPS file) with no editing required. Please include a 3mm bleed (ask us if you are not sure what bleed means), avoid borders in your design and make any important elements like text at least 4mm from the edge of your design.

Handholding service - \$25.00:

If you want to design your job yourself but would like us to give advice on how to set up your design and troubleshoot your finished product (this does not include proofing your content). This means if we see something is not right with your design we will advise you as best we can on how to fix it. This includes a test print and physical proof before running the full job if required.

Logo Design: \$150.00

Includes up to 3 hours design time - subsequent time is charged at \$60 per hour

Includes jpeg, PDF and EPS (vector) files with variations for use on other media (like letterhead, website, sending to sign writers etc).

All set up/design and card prices do not include fees incurred for purchasing stock images or photography.
